

Virtual GP Surgery

It's not always easy to see your doctor at short notice. But our Virtual GP Surgery is always open. So, you can have a webcam consultation during the day or talk to a qualified GP on the phone, 24 hours a day, 7 days a week.

Benefits of our Virtual GP Surgery:

- ✓ Our 24/7 telephone helpline means you don't have to wait to talk to a practising GP
- ✓ You also have access to face to face webcam GP consultations between 8:30am to 6:30pm weekdays* via your computer or mobile device.
- ✓ You can easily bookmark the web page for future webcam consultations
- ✓ Saves you time and provides peace of mind as you don't need to take time off work or sit in a busy waiting room
- ✓ We can even send a record of the consultation to your GP if you agree
- ✓ There is no limit to the number of telephone helpline calls you can make
- ✓ Our Private Prescription Service means you can have your private prescriptions delivered directly to your home or work
